

# LAB ASSIGNMENT 7

## Exercise 1(total 5 marks)

This is your usual form (Remember Lab. 6). In "**user.php**" and use a css class to animate header color.

Note: The color is not needed to match exactly.

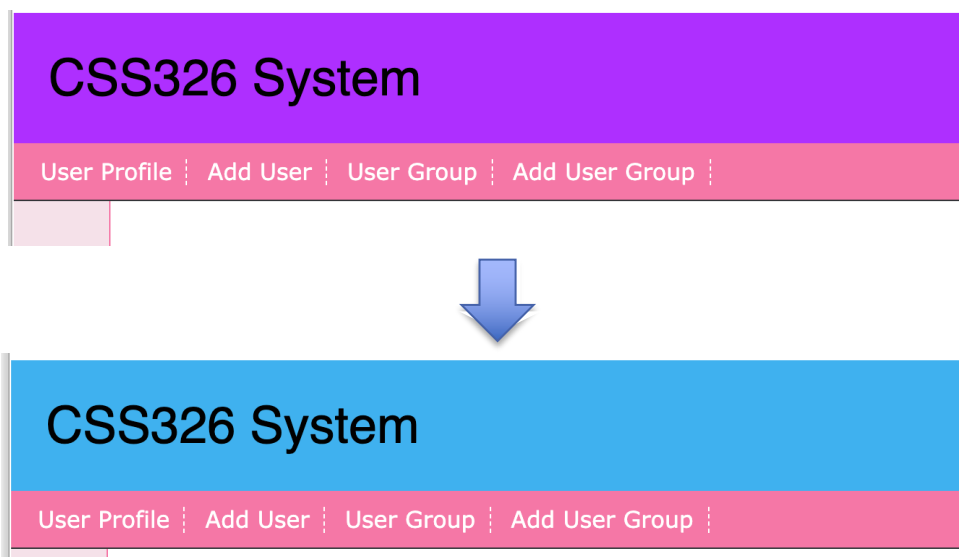

Figure 1 expected output of user.php

## Exercise 2 (5 marks)

In "user.php" and use a css class to animate background of your choice.

Note: the direction/scaling of background image is not needed to exact match
